September 18-21, 2026

Crosstabulation Results

Methodology:
This poll was conducted from September 18-21, 2026, among a national sample of 1384 Adults. The interviews were conducted and the data were weighted to approximate a target sample of Adults based on age, race/ethnicity, gender, educational attainment, and region. Results from the full survey have a margin of error of plus or minus 3 percentage points.

Crosstabulation Results by Respondent Demographics
